TEAM SCIENCE WORKSHOP

University of Cincinnati (UC) *Center for Improvement Science*, in partnership with Bahir Dar University, is excited to present an overview workshop of the Science of Team Science (SciTS). This introduction is available to interested Faculty and Staff, especially aspiring translational researchers, who are eager to learn about *navigating the team environment*.

Learning Objectives:

At the end of this webinar, you will be able to:

1. Introduce **basic team science** concepts;
2. Discuss **characteristics of high functioning teams**, including *readiness for team collaboration*;
3. Address **team benefits and challenges** in tackling complex problems.
